IMMIGRATION TO THE UNITED KINGDOM: U.K. IMMIGRANT INVESTOR PROGRAM

The United Kingdom has designed an immigrant investor program that allows high net worth individuals to make a substantial financial investment within the United Kingdom to be able to attain immigrant status. The United Kingdom Immigrant Investor Program was modified in 2008 to allow for a point system to determine eligibility for the program.

Today, the United Kingdom evaluates each applicant to determine the points or "attributes" to be awarded. A minimum of 75 points must be accumulated in order to qualify for the investor status.

FINANCING OPTIONS

There are several financial institutions willing to offer you financing options for your complete or partial investment.

With financing you can meet the investment requirements for the United Kingdom Immigrant Investor Program.

Our office will offer you various options through different financial institutions to meet your investment needs.

GENERAL REQUIREMENTS

In order to be awarded 75 points or attributes you must have either:

Option 1

- Money of your own held in a regulated financial institution which is accessible in the United Kingdom amounting to no less than £1 million.

Option 2

- Personal assets, taking into account any liabilities, which have a value exceeding £2 million. Assets held by your spouse, civil partner, unmarried or same sex partner either jointly or in your partner's own name can be taken into account when assessing your net worth; and
- Money under your control held in a regulated financial institution which is accessible in the United Kingdom amounting to no less than £1 million which has been loaned to you by a financial institution regulated by the UK Financial Services Authority (FSA). You may not mix personal funds and borrowed funds in order to meet the full required £1 million investment.

The money may be held overseas at the time of application or it may be already deposited in the United Kingdom. You must convert the value of your investment into pounds sterling.

There is no requirement to demonstrate English language ability or to provide separate funds for personal maintenance.
